

Exclusive Distribution Policy Notice

We strive to maintain the value of the Bass Brushes brand name and products to ensure fair competition for our seller network. As such we have an **Exclusive Distribution Policy** in place. Only authorized sellers are permitted to conduct sales of Bass Brushes products in any defined geographic territory or online and/or on any e-commerce platform, including **amazon.com**. These agreements are put in place to protect the brand's goodwill and reputation by ensuring that customers receive products which are properly stored, sold, shipped and distributed pursuant to our strict standards.

In addition, our warranty is only applicable to products purchased from an authorized seller. As such, **the unauthorized sale of our products can amount to intellectual property infringement**, as customers purchasing from unauthorized sellers may receive inferior products that are materially different.

An authorized distributor must adhere to:

1. Minimum Advertised Pricing (MAP)
2. Restricted Market Policy i.e. must only sell in the authorized territory
3. Use only authorized marketing material approved by Bass Brushes
